SUMMARY

Managing Director & Technical Head at Omebly and founder of KiniCode & Zenkart. With 10+ years of hands-on product engineering I personally lead every web, SaaS, Flutter mobile app, 3D game and AI architecture from first consultation to launch, backed by lifetime bug-fix support.

I still write the code. Every Omebly product, client platform and academy syllabus goes through my hands, from architecture and UI to release engineering and support. That is why I can credibly take on an AI automation, full-stack or data role: I have shipped all three for real users.

SKILLS

Full-Stack Web: JavaScript (ES6+) / TypeScript, React.js & Vite, Node.js & Express.js, MongoDB & SQL, PHP & WordPress / Elementor Pro, HTML5 / CSS3 / Tailwind, REST APIs, Webhooks & Auth, Rust + Tauri desktop apps, Git, GitHub Actions, CI/CD

Data & Analytics: Power BI & DAX, SQL, Advanced Excel / Google Sheets, Python (pandas, data cleaning), Google Analytics 4 & Tag Manager, KPI, funnel & cohort analysis, A/B testing & CRO

Mobile, AI & Automation: Flutter & Dart, Real-time voice / video (WebRTC), LLM APIs & AI Agents (OpenAI, Claude), AI document tools (PDF chat, OCR, summarise), Workflow automation (n8n / Make / Zapier), Python scripting & scraping, End-to-end encryption & security, CRM & email automation

Design, 3D & Games: Figma design systems & prototypes, Photoshop, Illustrator, InDesign, Premiere Pro, After Effects, DaVinci, Blender 3D & 3ds Max, Unreal Engine 5 & Unity, AutoCAD & Revit, Brand strategy & identity

EXPERIENCE

Managing Director & Technical Head · Omebly — Present · Kolkata & Downtown Dubai

- Architected and shipped the Omebly Voice-Party App (Flutter, real-time voice and video, live games, 13 languages).
- Built the 60+ tool in-browser suite: 54 PDF & AI tools, image upscaling and background removal, and video timeline tools, all client-side with zero uploads.
- Built Omebly Downloader: a Rust + Tauri desktop app and MV3 extension with signed releases, CI and Playwright tests (open source, GPL-3.0).
- Lead mentor for 16 live academy tracks: Power BI & DAX, Python, full-stack, Flutter, Unity, UI/UX and Blender.
- Own delivery for client web, SaaS and mobile projects with full code ownership, weekly live demos and lifetime bug-fix support.

Founder · KiniCode · Zenkart — Ongoing · India · UAE

- Custom SaaS, web and mobile builds for clients in India, the Gulf, the UK and the US.
- E-commerce platforms, storefront performance and growth tooling for retail brands.
- Authored the handbook “From Zero to Digital Hero”.

Digital Marketing Manager · Essenzi Perfumes — 2024 – 2025 · Dubai, UAE

- Paid search and social, SEO, email and storefront performance with weekly spend / ROAS / funnel reporting.
- Automated reporting, lead routing and content scheduling with scripts and workflow tools.

Corporate Trainer: Power BI, Python, Generative AI & Design · Edoxi · SpotOn Training Institute — 2023 – 2024 · Dubai, UAE

- Designed and delivered hands-on curricula in Power BI & DAX, Python, generative AI and digital marketing analytics.
- Coached learners through live projects with weekly reviews; this programme became the model for Omebly Academy.

Digital Marketing Executive · Etisalat Business (HACB) — 2022 – 2023 · Dubai, UAE

- Delivered multiple medal-winning B2B digital campaigns within strict brand, compliance and budget rules.
- Used campaign and lead-quality data to shift budget toward the best audiences and creatives.

Web & Digital Systems for UAE Enterprises · Dubai Shipping LLC · Emirates Packaging Group LLC · Golden Colour General Trading LLC — 2021 – 2023 · Dubai, UAE

- Corporate websites, tracking setup (tags, events, conversions) and SEO foundations.
- Brand and content systems that the companies still run on.

Marketing Executive → Senior Marketing Executive · Shreya Lifescience · Raptakos, Brett & Co. · Ajanta Pharma · Indiabulls Pharma — 2014 – 2019 · India

- Managed doctor, distributor and retail relationships and tracked performance against targets.
- Built the communication and reporting discipline I still use with clients and teams.

PRODUCTS & PROJECTS

Omebly Voice-Party App — Flagship real-time voice and video social app with interactive voice rooms, live PK battles, games, gifts and leaderboards, localised in 13 languages for India and the Gulf. Architected and engineered by me.

Omebly In-Browser Tools Suite — A zero-upload, client-side utility suite that keeps 100% of files on the user's device: 54 PDF & AI tools (Chat with PDF, AI summariser, OCR), 4 image tools (4K upscaler, background remover) and multi-track video timeline tools.

Omebly Training Academy — Live online cohorts with weekly 1-on-1 code and design reviews across Data Analysis, Advanced Power BI & DAX, Python, Full-Stack Web, Flutter, Unity Game Dev, UI/UX in Figma and 2D/3D Blender animation.

Omebly Downloader (v0.3.3, GPL-3.0-or-later) — Free, open-source Windows download manager with a companion browser extension. The extension scans every frame of a page for videos, audio, images, files, streams and playlists; the desktop app downloads them in parallel, merges streams with FFmpeg and keeps everything on the user's machine. Stack: Rust, Tauri 2, JavaScript, Chrome Extension (MV3), Native Messaging, yt-dlp, FFmpeg, GitHub Actions, Playwright, SignPath.

Omebly & KiniCode — Co-leading Omebly (omebly.com) with owner Tania Firdus alongside KiniCode (kinicode.com), delivering custom SaaS, web and mobile engineering across India, the UAE, Kuwait, Qatar, Saudi Arabia, the UK and the US.

UAE Corporate Digital Systems — Architected web platforms and digital brand presence for Dubai Shipping LLC, Emirates Packaging Group LLC and Golden Colour General Trading LLC, plus medal-winning B2B digital campaigns for Etisalat Business projects in Dubai.

Zenkart, Essenzi & Edoxi Dubai — Founded the digital software brand Zenkart, scaled e-commerce architectures such as Essenzi and Tripurakart, authored “From Zero to Digital Hero”, and trained corporate professionals in Dubai (Edoxi / SpotOn) in Power BI, Python, generative AI and design.

EDUCATION & TEACHING

Bachelor of Computer Applications (BCA) · Graduated 2014
Programming, databases, data structures and software engineering fundamentals.

Lead Mentor, Omebly Academy · 16 live tracks
Teaching Power BI & DAX, Python, full-stack web, Flutter, Unity, UI/UX and Blender to cohorts in Dubai and worldwide.

Author, “From Zero to Digital Hero” · Handbook
A practical guide to building a digital presence and business from nothing, drawn from a decade of client work.
